Objective

An ambitious newcomer to the field of computer science, eager to leverage my analytical skills and passion for learning in a challenging role that fosters growth and innovation.

Education

- August 2023 – Present
Inter American University Bayamón, PR
Currently taking a course on C++ and planning to take additional courses on Udemy
BS in Computer Sciences
3.83 GPA
- August 2010 -May 2023
Academia Discípulos de Cristo Bayamón, PR
High School diploma
3.81 GPA

Work Experience

- February 2023 – Present
Inter CARE
Customer Service Representative
Interamerican University of Puerto Rico, Bayamón, PR
In charge of making and taking approximately 100 calls weekly to keep students up-to-date with college events, news, comply with forms, deadlines.
- December 2022 - Present
Voluntary service
Bible class teacher
Iglesia Cristiana Discípulos de Cristo, Guaynabo, PR
Giving Bible classes to children at my church, including special needs such as autism. I'm in charge of providing a comfortable learning experience for them, while also providing them with social skills in a fun, stress-free environment. I'm very patient with the kids I teach, and I consider patience to be one of my strongest attributes.
